Coroners' Inquests. SUCCES BY SHOOTHSO HIMSHIP WITH A PERFOR.—Coroner O'Keefe was called upon Friday to hold an inquest at No. 161 Washington street, upon the body of a German named Frederic Behrese, who committed suicide under the following circumstances:—Deceased had been boarding at the above number for the last three weeks; he en out of employment during that time, but did not despondent; he indulged freely in the use of intoxihad been out of employment during that time, but did not seem despondent; he indulged freely in the use of intoxicating drinks, but seldom drank to excess. Yesterlay morning deceased, without giving the inmates of the house any warning whateover, procured a pistol and shot himself through the heart. Before committing suicide he wrote a letter in the German language, explaining his reasons for thus suddonly taking leave of this world. Bad company he assigned as the cause of his mefortunes. He alluded also to a trip which he took to Californius, where he formed associations which ultimately led to his ruin. He requested that his relatives in Germany should not be informed of his suicide, but that they should be led to believe that he died from natural causes. On Thursday Bebrens called upon a young woman named Sophia Miller, and, after taking leave, said she would see him no more, as he intended committing suicide. Miss Miller did not believe the threat amounted to anything, and was much horrified when she was informed that he had put as end to his existence. The jury in this case rendered the usual verdict. Bebrens was about twenty-seven years of age, and was a man of liberal education and refinement.

held an inquest at the Iwenty-third Precinct station house upon the body of an unknown woman who was found dead under such circumstances as to lead the police to think that she had been violated and then murdered. Upon investigating the matter, however, the Coroner found there existed no grounds for such idle rumors. Dr. Bouton made an examination of the body, and testified that in his opinion decease! came to her death by expourer. No marks of violence were discovered on her person, and the belief of the jury was that deceased had not been harmed by any one. Verdict, "Death by expoure." Deceased was about thirty-five years of age, and was apparently a native of freshad. Her body was found among a lot of rocks near the corner of Tenth avenue and Eighty second aireet.

The request having been compiled with, deceased retired to her bedroom, and there committed suicide as described above. The inmates of the house testified that the unfortunate woman had eaten no food for two weeks previous to her death. Verdict, "Death by suicide." Mrs. Engels was seventy years of age, and was a native of Germany.

SATURDAY, April 16-6 P. M.

The steamer New York sailed to day for Europe with \$179,000 in specie on freight. Exchange closed firm at 110 for sterling and 5.10 a 5.12½ for france, but the business done was light. There is nothing new in the money The principal event of the day in the stock market was

the performance of a very ingenious manouvre by the bear party. Some twenty-five hundred shares of Central, morning board, with fine dramatic effect, by two leading brokers. It is gaid that the performance was quite natural on the part of the actors. The story given out was that the stock had been under hypothecation, which is quite likely. The effect of the sale, to day, was to check the advancing tendency of the sale, to day, was to check the advancing tendency of the market, which was what the bears desired. They will discover, in all probability, as soon as they attempt to cover their shorts, that ruses of this kind, however effective at first, are apt to recoil with damaging effect. The general market showed a tendency to sympathize with Central, though there was a good demand for government stocks and bonds, and Vestern stocks were steady. Panama was higher; Pacific Mail was rather lower. In the afternoon stocks were lower, and the market was dull. The following were the closing prices:—Tennessees, 23½ a ¾; Missouris, 88¼ a ¾; Virginias, 99 a 99½; Canton, 19½ a ¾; New York Centrel, 76¼ a ¾; Erie, 9¾ a 10; Harlem, 12¾ a 13; Hudson River, 33¾ a ½; Reading, 51 a 51½; Michigan Central, 52% a ¾; Michigan Southern, 13½ a ¾; Mi gan preferred, 39½ a ½; Panama, 121½ a 122; Illimois Central, 68½ a 69; Galena and Chicago, 67½ a 68; Cleve-land and Toledo, 26¾ a ½; Chicago and Rock Island 57% a 57%; Illinois Central bonds, 88% a 89; Pacific Mail,
